MARKETING MESSAGE

Introducing BISSELL ICON 25V Cordless vacuum— our most advanced floorcare device for homes with active families. ICON comes with a High-Powered Digital Motor and lithium-ion battery that together provide 50+ minutes of powerful cordless cleaning when used in low power mode. Forget about annoying hair wrap around the brush roll, thanks to our innovative Tangle-Free Brush Roll. Capture hair and other debris under beds and furniture as the machine can lay flat with bright LED lights on the floor nozzle to help you see in dark areas. The ICON Cordless quickly converts into a hand and high-reach vacuum. Equipped with a dusting brush, motorized turbo brush, and LED lighted crevice tool you can capture messes anywhere your home. When you're done cleaning, emptying the dirt tank is no big deal with our mess-free emptying system.
