PRODUCT DESCRIPTION
<p>BISSELL® CrossWave® HydroSteam™ Pet Select multi-surface cleaner is designed for homes with pets. It vacuums, mops, and dries in one go, plus it has an on-demand steam mode for ultimate cleaning results. The power of HydroSteam™ Technology tackles tough, sticky messes up to 20% better.</p> <p>This all-in-one multi surface cleaner with unlimited corded power is ideal and safe for cleaning all hard floors. It even refreshes your area rugs. It features LED headlights on the foot to illuminate hard-to-see pet hair, dust, and debris. The Tangle-Free Technology minimizes hair wrap on the brush roll.</p> <p>Unlike a mop and bucket, Two-Tank Technology keeps the clean and dirty water separate, so you always clean your floors with fresh water. Natural Multi-Surface Pet cleaning solution removes everyday dirt and grime and leaves your floors clean and home smelling fresh. The included FRESHSTART™ Antimicrobial brush roll and filter continuously work to prevent odours and maintain freshness of your device.</p> <p>The automatic self-cleaning cycle not only cleans the brush roll, but also the inside of the machine for less clean-up after cleaning. This device doesn't just clean up after pets, it helps save them. BISSELL® proudly supports BISSELL Pet Foundation® and its mission to help save homeless pets. When you buy a BISSELL® product, you help save pets, too. We're proud to design products that help make pet messes, odours and pet homelessness disappear.</p>
