INCLUDED IN THE BOX							
FreshStart™ Antimicrobial Multi-Surface Brush Roll	FreshStart™ Antimicrobial Filter	3 in 1 Tray	1 L Natural Multi-Surface Floor Cleaning Solution				
							

PRODUCT DESCRIPTION
The BISSELL®CrossWave® C3 Select vacuums, mops and dries all at the same time. It ensures a powerful extraction of Wet & Dry Messes. Perfect for regular multi-surface cleaning of hard floors and area rugs, ideal to tackle small and big messes that hit your floors. Electronic fingertip controls allow you to switch between surfaces instantly and release as much or as little water as you need. Unlike when you use a mop and bucket, our Two-Tank Technology keeps the clean and dirty water separate. Therefore, with the CrossWave® C3 Select, you always clean your floors with fresh solution. The FreshStart™ Odour Management System means the antimicrobial brush roll and filter continuously work to prevent odours and maintain freshness. The supplied Natural Multi-Surface Floor Cleaning Solution (1L) eliminates odours leaving your home smelling fresh. When you're done cleaning your floors, the self-cleaning cycle not only cleans the brush roll, but also the inside of the machine so that there is less clean-up after cleaning.
