PRODUCT DESCRIPTION
Break free from the restrictions of cords and wires with the BISSELL® CrossWave® C6 Cordless Select Wet & Dry multi-surface cleaner. Ideal for regular, routine cleaning as well as those messy accidents that simply happen in an active family home. Over 25 minutes* of uninterrupted run time enables you to simultaneously vacuum, mop and dry multiple rooms and floor types. Unlike when you use a mop and bucket, our Two-Tank Technology keeps the clean and dirty water separate. Therefore, with the CrossWave® Cordless C6 Select, you always clean your floors with fresh solution. The FreshStart™ Odour Management System means the antimicrobial brush roll and filter continuously work to prevent odours and maintain freshness. The supplied Natural Multi-Surface Floor Cleaning Solution (1L) eliminates odours leaving your home smelling fresh. When you're done cleaning your floors, the self-cleaning cycle not only cleans the brush roll, but also the inside of the machine so that there is less clean-up after cleaning.
<small>* May Vary based on mode of usage</small>
