This lightweight and easy-to-carry device offers time-saving convenience by combining vacuuming and mopping in one go. Be ready to give your hard floors a serious clean, right before your friends or family arrive! With automatic fluid delivery, convenient self-propelled steering, and simple auto cleaning modes the CrossWave® HF3 Cordless Pro cleaner is a joy to use. Clean in Low-Mode for quick light clean-up or switch to High-Mode for the tough messes that hit your hard floors. Unlike the traditional mop and bucket, our Two-Tank Technology keeps the clean and dirty water separate. Therefore, with the CrossWave®HF3 Cordless Pro cleaner, you will always clean your hard floors with fresh clean water. The included Natural Multi-Surface Floor Cleaning Solution (236 ml) eliminates odours leaving your home smelling fresh. When you're done cleaning, the CrossWave® HF3 Self Cleans with a push of a button. This does not only clean the brush roll, but also the inside of the machine so that there is less clean-up after each use.
